## Procurement Manager (m/f/d)

### Description

**CARNEADES** – We are a strong team of internationally experienced consultants who help shape our clients' project management. As specialists in the field of renewable energies, especially onshore and offshore wind, fuel switch and hydrogen, as well as grid connections, we support our clients with our best practice know-how. Become part of a dedicated team that leads large industrial projects to success as **Procurement Manager (m/f/d)** in a permanent position (full-time).

### Responsibilities

- In close cooperation with various project teams, you are responsible for the planning and implementation of purchasing activities, partly in EU tender procedures
- The focused development of existing suppliers, as well as the selection of new suppliers, falls within your responsibilities
- You conclude framework agreements independent according with the company's specifications
- You identify opportunities and measures to increase efficiency and optimise the supplier base
- You create and check purchase orders and requirements according to the supplier contracts, monitor delivery times/deadlines and costs and carry out risk assessments

### Qualifications

- We are looking for colleagues with several years of relevant professional experience in technical purchasing, project purchasing or project management
- You have a successful degree preferably in economics, renewable energy, industrial engineering, business administration, supply chain management, procurement, international purchasing management or similar
- You have good communication skills, the ability to work in a team and strong negotiation skills
- We welcome a strategic mindset with a comprehensive understanding of technical and commercial issues
- Fluent German and English (written and oral) and willingness to travel complete your profile
- Ideally, you have already worked within the offshore wind industry

### Job benefits

- Flexible working hours and a high degree of personal responsibility
- Modern office space in Hamburg's City Nord incl. foosball table and roof terrace for joint lunch breaks and after-work events
- Office located close to the city park and numerous sports facilities, shower in the office
- Good social benefits and a company pension scheme ensure a holistic remuneration model

### Employer

CARNEADES

### Employment type

Vollzeit, Permanent position

### Job location

Hamburg

### Date posted

01.02.2022

- Good public transport connections, free employee parking for cars and bicycles, direct location on the cycling network (Veloroute 4 and 5) and good electric charging infrastructure
- Fresh fruit and drinks every day
